## G. L. School To Try Again For Tax Hike

The Grass Lake School Board will make another try to win voter approval of a hike in the educational tax rate. The school board met Feb. 4 for the referendum at Tuesday night's meeting of the board.

The referendum will call for a 21c raise in the tax rate, from the present 83c to \$1.04.

Voters of the district defeated similar referendums on Nov. 19 and June 4 last year. The school has been operating on a deficit budget for the past three years.

A public meeting will be held at the school January 23 to give the voters information on the referendum, and the need for the tax hike. School board members will be present to answer questions from the audience. The meeting will start at 8 p.m. at the school.

## Murrie, Ring Only Candidates So Far

The 1967 political season opened this week when Supervisor Lloyd E. Murrie filed petitions for election to his fourth term as Antioch Township Supervisor.

Filing at the same time was Road Commissioner Blaine Ring, who will be seeking his second term in the township road post.

Both men filed as Independents, but Murrie said they had received the endorsement of the Republican precinct committeemen in Antioch Township.

Commenting on the filing Wednesday Murrie said, "I'm sure there is no question about my political affiliations, but because of the nature of the township supervisor's duties I don't think he should run on a national party label."

Murrie indicated he would favor party labels for members of the County Board of Supervisors if it weren't for the relief responsibilities of the supervisor.

## County Board Eliminates Township Subsidies

The Lake County Board of Supervisors refused Tuesday to reconsider an earlier resolution which eliminated a 25 percent subsidy to townships for patients at the Lake County General Hospital.

The motion to reconsider was introduced by Waukegan Supervisor August Cepon, who had opposed rescinding the subsidy plan, but voted in favor of the resolution last month so he could bring it back to the floor of the county board for further discussion.

The subsidy plan went into effect in 1958 as a means of

helping some townships which were overburdened with the cost of hospitalizing indigent residents.

Principal supporters of the plan originally were Cepon and Deerfield Township Supervisor Emmett Moroney, representing the two largest townships in the county, and it was Cepon and Moroney's successor Frank Peers, of Highland Park, who led the fight to continue the aid to the townships.

The per diem cost to the townships for maintaining a patient in the hospital has been pegged at \$20, but un-

der the subsidy plan the townships paid \$21.00 with the county absorbing the balance of the cost which totaled approximately \$100,000 a year during the eight and a half years it was in effect.

Since Waukegan and Deerfield Townships normally had the largest number of patients because of their heavier population the subsidy in effect was forcing other townships to absorb part of the cost of Waukegan and Deerfield residents.

Commenting on the board's decision, County Board Chairman Lloyd Murrie, of Antioch

said, "Most of the townships will scarcely feel the change because they have so few patients and because Medicare is absorbing some hospitalization costs."

"Waukegan, which has one of the lowest general assistance rates in the county's 18 townships, will probably have to levy more, but its levy is now well below the average in the county and is below the maximum which the state says a township should levy for hospital care," Murrie pointed out.

"As far as Antioch Township is concerned we should not have to levy anything this

year for general assistance, but if a levy is necessary it will be the absolute minimum," he revealed.

The new plan will not go into effect until after the regular town meetings in April so each township can make provisions for the added cost if it is necessary.

The vote against reconsidering the resolution was 18-16, but the vote in support of doing away with the subsidy was much stronger and the narrow margin was considered to be based on the idea that further consideration would not hurt or change the outcome.

## Fire Chief Gives Warning on Dolls

If your child received a small rag doll for Christmas, better check carefully to make sure it isn't one of the extremely flammable dolls that were sold in many stores in this area.

Fire Chief Charles Mapletorpe warned that some of the dolls have been found in this area. Two or three Antioch residents have called him, he said, to tell him that they checked dolls they had given their children and found that they were the kind which have been bursting into flames in several instances.

At least two Antioch stores

carried the dolls in their Christmas stock, Mapletorpe said. However, one of the women who called him said she had purchased the doll elsewhere. The dolls have since been removed from the shelves of the Antioch stores.

The dolls are 8 to 10 inches tall, have plastic faces and have been found to be stuffed with pine shavings. They are made in Poland and imported from Britain.

Sale of the dolls has been nationwide. First alarm in this area came from Waukegan when Waukegan Fire Lt. Earl Lillow alerted residents to the danger from the dolls via radio station WKRS. He said that the faces are made of nitro-cellulose. Tests showed the material to be unpredictable, sometimes refusing to ignite when heated with a blow torch, then exploding into flame when touched with a lighted match.

Primary function of the township supervisor of general assistance is to administer township relief funds, but he also serves as a member of the county board.

At the present time Murrie is serving his first term as Chairman of the Lake County Board of Supervisors and in this capacity he also serves as Chairman of the Lake County Liquor Commission.

If he is re-elected in the township election, and at press time there had been no petitions taken out by possible opponents, he is expected to seek re-election as county board chairman.

## Larson Sues After Pay Cut

The bitter political fight between former Sheriff Charles E. Larson and his successor Harold Scheskie entered a new phase Wednesday when Larson filed suit in Lake County Circuit Court against Scheskie demanding restoration of a \$100 a month pay cut.

In a petition for a writ of mandamus filed by Atty. Frank M. Daley the court is asked to restore the pay cut instituted by the new sheriff after he took office even though the scale had been approved by the County Board's Judiciary and Finance Committees and subsequently by the entire board.

Larson, who supported his Chief Deputy Norris Froelich against Scheskie in last June's primary campaign, points out that Sheriff Merit Commission rules provided that both Froelich and Larson should revert to the rank of Captain after the new sheriff took office.

The pay scale sets a Captain's pay at \$700 per month, but Scheskie rescinded the order for Larson's pay and also reduced the pay of 32 other deputies who had been granted pay increases.

Larson, who has 20 years of service on the Sheriff's department and was Chief Deputy and Chief Investigator before being elected to office, is now serving as a bailiff in Magistrate Court in Waukegan.

## Decals Speed Help To Handicapped

In their constant campaign to try to protect people from injury in fires, the Antioch Fire Department reminds residents of Antioch and the Fire District that stickers are available for homes where a member of the family is handicapped or bedridden.

The stickers help firemen locate the room of a handicapped person in case of emergency. They're free, and can be secured by calling the Antioch Fire Department.

A listing of all helpless and aged persons who so register with the Fire Dept. is kept in each fire truck and also at the Telephone Answering Service. A fireman comes out and puts up the sticker.

Use of the decals will speed up help to a helpless person in case of a fire or other emergency. The Fire Department first started using the decals in 1962. If you have a helpless person in your family, you are urged to contact the Fire Department and inform them.

## Safety Commission Hopes For Traffic Legislation

The Lake County Safety Commission is hoping for passage of an "Implied Consent Law" by the Illinois Legislature. They feel that the law is needed to enable law enforcement agencies to deal with the problem of the drunken driver.

In addition to the Implied Consent law, the Lake County Safety Commission feels that legislation should be introduced and passed concerning motorcycle safety laws; stricter driver's licensing laws; more funds for highways; compulsory vehicle safety checks; compulsory training for police officers; standardized highway signs and signals; improved financial responsibility laws; and stiffer penalties for railroads when they needlessly tie up crossings.

Most courts have welcomed the use of scientific evidence in the battle to control the drinking driver, rather than having to depend on the opinion evidence of lay witnesses.

The implied consent law provides that as a condition of the privilege of driving a motor vehicle upon the highways of the state, every motorist is assumed to have given his consent to a chemical test of his blood, breath or urine to determine blood alcohol concentration if charged with driving while intoxicated; that if he refuses to submit to the test, no test will be given, but he loses his driver's license.

The courts have repeatedly upheld the legality of the implied consent law. The United States Supreme Court had upheld the validity and constitutionality of a similar statute in Massachusetts and said: "Motor vehicles are dangerous machines and, even when skillfully and carefully operated, their use is attended by serious dangers to persons and property. In the public interest the state may make and enforce regulations reasonably calculated to promote care on the part of all residents and nonresidents alike, who use its highways. The measure in question operates to require a nonresident to answer for his conduct in the state where arise causes of action alleged against him, as well as to provide for a claimant a convenient method by which he may sue to enforce his rights. Under the statute the implied consent is limited to proceedings growing out of accidents

or collisions on a highway in which the nonresident may be involved. It makes no hostile discrimination against nonresidents, but tends to put them on the same footing as residents. The state's power to regulate the use of its highways extends to their use by nonresidents as well as by residents."

## Chamber Will Install New Leadership

Officers and directors of the Antioch Chamber of Commerce will be installed at the organization's annual Installation Dinner Dance at Lorenz's Smart Country House, Saturday, Jan. 14.

Cocktails will be served at 6:30 p.m. with dinner started for 7:30 p.m. Music for dancing will be provided by the Scotch Lads starting at 9 p.m.

Tickets for the dance, which is open to the public, can be obtained at the Chamber of Commerce office, the First National Bank, the State Bank of Antioch, from any of the directors or at the door, according to Dinner Chairman Dale Starkey.

## Establish Claim Office For Medicare

A state-wide Medicare claim administration office has been opened at Peoria by Aetna Life & Casualty to serve Illinois residents eligible for Medicare "extended care" benefits that begin January 1.

The new office will pay bills and handle other administrative aspects of the newly-effective phase of the federal program. Aetna has been designated "fiscal intermediary" by the Illinois Nursing Home Association.

The company's Illinois office is expected to pay, on behalf of the government, some 2,000 bills per month exceeding \$500,000 in benefits to Illinois residents 65 and over.

The extended care plan will pay expenses for up to 100 days in an extended care facility certified by the federal government. A \$5 per day deductible will apply after the 20th day.

To be eligible, a person must be hospitalized for three or more consecutive days and transferred to the extended care facility for continuous treatment of the same illness within 14 days of discharge from the hospital.

## College, City Honor Dr. Cook

Stirring tribute was paid recently to the memory of Dr. Lorne D. Cook, professor of economics at Pomona College and son of Mr. and Mrs. Irving Cook, of Lake Marie, by college officials and civic leaders of Claremont, Cal., where the 49 year old educator died on Dec. 21.

Dr. Cook died of lung cancer after a lingering illness, but he left an indelible mark at the college where he taught for 12 years and in the city of Claremont where he made his home.

Newspaper editorials extolled the many contributions he made to his community and in a personal letter to Dr. Cook's parents E. Wilson Lyon, president of Pomona College, expressed personal as well as official regrets at the untimely death of the young educator.

A native of Kellogg, Idaho, Dr. Cook attended the University of Michigan where he received his Master's and Doctor's degrees and served as an instructor in Economics before joining the Pomona College faculty.

A member of the Claremont City Council Dr. Cook was also active in city planning in the area and was a frequent contributor to magazines and other publications dealing with economics and area planning.

A memorial service in his honor is planned at the college where he taught.

In addition to his parents Dr. Cook is survived by his wife and twin sons.

## Kenneth Hills Buried Today

Kenneth C. Hills, A.M.H.C., USN, retired, died Sunday, January 8 at Balboa Naval Hospital in San Diego, California, after a lingering illness. He was a 32nd degree Mason, belonging to the Key West, Florida lodge and the Eastern Star Consistory at Key West and the Fleet Reserve at Alameda, Calif.

Since his retirement from the Navy he has been employed at the Lemon Grove Post Office for the past eight years.

He was born in Elkhorn, Wisconsin, May 10, 1916 and lived in Antioch from infancy until his enlistment in the Navy in 1936. He was a graduate of Antioch High School, class of 1934.

Survivors are his wife, Sandy, daughter Barlo-Gandalaria of Glendale, Calif., two sons, Wesley and Kirby of El Cajon, Calif., his parents, Mr. and Mrs. Walter K. Hills, Antioch, three brothers, Raymond of Woodstock, Ill., Donald of Lake Villa, and Walter (Corkey) of Cross Lake, Antioch.

Services were held in San Diego (today) Thursday, Jan. 12. Cremation followed. Donations were made to the Cancer Fund.

## Supervisors Okay Equipment Purchases

The purchase of four new automobiles for use by county departments and the purchase of a new road grader and snow plow for the County Highway Department were approved by the Lake County Board of Supervisors Tuesday.

The autos, four door sedans were purchased for the County Coroner, State's Attorney, Lake County Home and the highway department.

Winning bidders were Liberty Buick Inc., of Libertyville, \$1,467; Spero Motor Sales Inc., Waukegan, \$1,950; Kopper-Piccone Lincoln Mercury, of Waukegan, \$1,550, and Rockenbach Chevrolet Sales, Grayslake, \$1,955.

Winning bidder on the highway equipment was Paten Tractor and Equipment Co., of Bellwood, which submitted a bid of \$25,480.

In separate action the board approved the purchase of a Dimeo Printer for the general services department for \$4,645 from the Dimeo Division of the Bell & Howell Co.

## Traffic Deaths Drop At End of Year

December traffic deaths in Illinois totaled 211, according to provisional reports released by the Division of Highways and the State Highway Police. This is a decrease of 17 per cent from the 253 deaths in the same month in 1965.

Traffic fatalities in the state for the 10-day Christmas holidays week decreased 47 per cent from the previous year. There were 47 deaths in the period from Dec. 23 through Jan. 2, compared with 89 the previous year.

During the first six months of 1966 traffic deaths showed an increase of 19 per cent over those for the same period a year ago. The number of fatalities during the last six months of the year increased by six per cent over the identical period during 1965.

## Road Beautification To Continue

Highway beautification will be continued during 1967, according to Gov. Otto Kerner, who went on to say that during 1966 Illinois was appropriated approximately \$6,000,000 in federal funds for this purpose.

With this appropriation the Division of Highways implemented a beautification program and a number of projects utilizing approximately \$1,700,000 were started.

In 1967 the program will consist of rest areas on primary highways—\$2,310,000; landscaping of primary highways—\$600,000 and procurement of scenic easements—\$1,400,000. It should be emphasized, the governor said, that this work will be financed with 100% federal funds and will be in addition to the regular interstate and non-interstate projects. No state funds are required.

## Install New Lions Club Officers

Dan Dugenske was installed as president of the Antioch Lions Club for 1967 in ceremonies at the Brave Bull last Monday.

Other officers installed along with Mr. Dugenske were Ward Lear, first vice president; James Olson, second vice president; James Fields, third vice president; Ray Jensen, treasurer; Gus Costoff, secretary; Les Sorenson, Lion Tamer; William Wilton, Lion Twister, and Directors Richard Daniel, Walter Shepard, John Teresi and Mike Haley.

William Seemann was outgoing president of the Lions Club.

## Grocery Store Has New Owner

The J&M Grocery on Lake Avenue at Channel Lake, closed for a short time by the death of the owner, Jay Clark, is open under the management of Francis Horsch.

The store is now called Jay's Groceries.

## To Study In Puerto Rico

Twenty-five Carroll College students will participate in special research projects in economics during the January Month-term. They will spend four weeks in San Juan, Puerto Rico, for a seminar of supervised research in cooperation with business and governmental units in Puerto Rico.

Jane Wolff, Rt. 2, Box 613, Lake Villa, is one of the students who will do special research in economics in Puerto Rico. The students left Chicago at 12:55 a.m. Friday, Jan. 6, on a direct flight to San Juan. They will return Feb. 4.

## License Suspended, Permit Issued

The Driver's license of Buford C. Myers, of 712-Hillside Drive, Lake Villa, has been suspended because of three traffic violations according to the office of Secretary of State Paul Powell.

In other action by the Drivers License Division a probationary permit was issued to Arkadij Rossol, of Rte. 83, Antioch.

## Indirect Benefits

The "idiot box", it seems, is not all bad.

One traffic safety expert credits the numerous football games on television during the Christmas and New Year's holiday with being one of the reasons the traffic death toll was so far below the estimate. Husbands simply refused to leave their TV sets to go visiting so the family stayed home.

Other experts are inclined to believe that the heavy snowstorm in the east, which also kept people at home, cut down the traffic toll. So it would seem that the best way to escape death on the highway is to stay home, particularly when traffic is expected to be heavy.

If the many football games on TV saved lives, they certainly didn't contribute too much to family harmony. Very few wives can spend hours happily watching 22 men battle over a ball, and enjoy it.

Complaints are being heard from high school coaches that televising of football and basketball games is cutting down attendance at local games. Maybe so, but saving lives by televising a popular sport is a potent argument in its favor. Maybe televising of the local sports, also, can be arranged. Then we can all stay home—except the players.

## Courthouse Notebook

BY LOU DURKIN

That was a surprisingly unjudicial-type charge to the new Grand Jury given out last week by Chief Judge Glenn K. Siedenfeld when he directed the jurors to investigate rumors and speculation that "other public officials" were dragging their feet in providing new courtrooms for the county.

Judge Siedenfeld inferred there was some unwholesome hanky panky involved and indicated justice was not being properly served because of inadequacies in the courtroom setup in the county building.

Somehow it doesn't seem proper for a judge to accept hearsay and second hand information in a situation like this when the rules of evidence in the courtroom would prohibit the same sort of testimony.

It may well be that there is a certain amount of foot-dragging among members of the County Board of Supervisors and no doubt there is a conspiracy to block immediate construction of the second and third wings of the courthouse complex.

Judge Siedenfeld infers, however that there is something evil in this "conspiracy" when it could be nothing more than a belief on the part of some supervisors that the county is financially unable to proceed at this time or that it might be better to wait.

With all the scare talk about county finances and the future outlook because of the establishment of tax rate limits on some county funds it is reasonable to suppose there is some question concerning the county's solvency in the minds of the supervisors.

At any rate the judges in Lake County have not fared too badly in recent years when it comes to facilities.

An off-hand guess would be that considerably more money has been spent on courtroom facilities and on judge's chambers in the past decade than on the facilities for any other county function.

If the county does go ahead with construction of the second and third phase of the county building it is to be hoped they are more fortunate in their selection of a general contractor.

According to the post recent reports the administration building won't be completed until next fall, eight or nine months after the scheduled completion date. There have been some de-

lays which could not be blamed on the contractor, but unusual weather certainly can't be included since outside work was possible right up to Christmas Eve in 1965 and last summer a virtual drought enabled the workers to be on the job almost every day.

Of course, it is normal for builders to be late in completing public buildings for some reasons we shouldn't be surprised at the present situation, but eight months is really overdoing it somewhat.

Governor Otto Kerner, in his address opening the new legislative session recommended some major changes in the face of the state government and many of them are worthy of major study.

We must disagree with his proposal to eliminate all elective state offices in favor of a Governor's appointive cabinet, however.

The one presently elective office that should be appointive is Attorney General since the state's chief law officer should be an extension of the Governor's office.

We would also suggest that the Governor and Lieutenant Governor run as a team the same as President and Vice President so there would be continuity of administration in the event of death or other circumstances which would put the Lieutenant Governor in the executive mansion.

While the change is not likely to have far-reaching effect on upcoming legislation there has been one major innovation in Springfield this year.

State Representative John Conolly, a bachelor in his first two terms, returned as a new bridegroom for the current session and this could change his approach to his legislative duties.

## LACK OF RESPECT FOR PUBLIC PROPERTY IS APPALLING

"We have certainly reached a sad state of affairs when our youngsters can find nothing more constructive to do with their time than destroy public property that belongs to all of the people, including themselves and their parents."—Star-Sentinel Newspapers.

You can really see the handwriting on the wall when there are kids around the house.

## Your Congressman Reports.....

By Cong. Robert McClory

It appears that the first major issue to face the 90th Congress will be a motion challenging the right of New York Representative Adam Clayton Powell to a seat in the new Congress. Opposition to Powell arises from two main sources. First is the \$16,000 libel judgment which Powell has refused to settle or pay. His actions in this connection have resulted in findings of contempt of court, making him subject to jail sentences of more than a year and preventing him from appearing in the State of New York where the jail sentences were imposed.

The other and more serious charges involve Powell's alleged misuse of committee personnel and misapplication of committee funds. This subject has been under close scrutiny by a House subcommittee headed by Representative Wayne Hays of Ohio. It is reported that the committee which Congressman Powell chairs ran up \$73,000 in travel expenses during the 89th Congress and employed a staff of 149 persons. In addition, Powell employed his current wife, who lives in Puerto Rico, as his administrative assistant at an annual salary of \$20,000.

Congressman Lionel Van Deerlin of California has indicated that he will challenge the right of Powell to be sworn in at the time the 90th Congress convenes, notwithstanding the fact that Powell was re-elected to a twelfth term on November 8, 1966, with 74 per cent of the popular vote in his District.

Challenges have been made during the last two Congresses to the right of members to be seated. These challenges were based on election contests in the Districts from which the members claimed to have been elected. In all such cases, the members have been permitted to assume their seats pending the investigations, and in every case thus far the challenges have been overruled.

Not since 1919 has the House voted to deny a seat to a newly elected member. Indeed, in the 1919 situation a Socialist member, Victor L. Burger of Milwaukee, was denied his seat only after having been found guilty of giving aid and comfort to the enemy in written articles opposing the U. S. entry into World War I. In an earlier case Representative Brigham Henry Robert of Utah was denied the seat to which he was elected on the ground that he practiced polygamy.

It should be recalled that toward the close of the 89th Congress Representative Sam Gibbons of Florida led the attack to curb Powell's autocratic rule of the House Education and Labor Committee. Although Congressman Gibbons received a great deal of encouragement from the news media, he did not seem to receive the necessary support of the Democratic House that Powell's wings were clipped only slightly—and very politely.

More serious than the specific charges resulting from Powell's private litigation and his and his family's travels at public expense is the general damage to the reputation of the Congress which his defiant conduct has produced throughout the nation. In the opinion of the writer, the need for a strong Congress, is more vital now than at any time in our nation's history. The excesses of the executive can only be curbed by a strong and influential Congress. Since popular support throughout the nation is needed to accomplish this end, the conduct of members of the Congress must be circumspect and honorable, surpassing in its moral quality the standards observed in non-public life.

Notwithstanding that Congressman Powell's conduct may satisfy a majority of constituents in his own District, the nation as a whole has a stake in his behavior.

## Letters to the Editor

January 9, 1967

Antioch News  
986 Victoria Street  
Antioch, Illinois 60002  
Gentlemen:

I have recently noticed the addition of the words "A Paper for Antioch people printed in Antioch by Antioch people" in your masthead. This bit of parochialism caused me to reflect on my own feelings toward the Antioch business community. I discovered that during my five years of residency in this area, most of the important purchases of my life were made in the Antioch business community and most were concluded in a better than satisfactory manner.

Materials for my first home purchased at Grass Lake Lumber and Antioch Lumber were of equivalent price and better quality than those found in Chicago; and if for some reason they weren't, a remark to one of the owners after church was enough to rectify the error.

All the intricacies of home purchasing were handled with the friendliness and equanimity of a pair of grandfathers by Tiffany Builders.

What a pleasure it was to buy a car from Earl Stringer after dealing with black-shirted, toothpick-mouthed salesmen at volume dealers in Chicago. The price was the same and the transaction was handled like a conversation between two friends.

Purchases at Ace Hardware, smaller obviously than the foregoing, were handled just as conscientiously. Many is the time that Gus Costoff said, "Here, this will do just as well and it's a little cheaper."

The manager at Seemann's Cleaners dried my daughter's tearful eyes by doing an emergency last-minute stain removal on a very important prom dress.

I could go on and on about the excellent and courteous service I've gotten at the A&P, The General Store, Lasco's, King's and others, too numerous to mention. In most cases the prices were equal or cheaper and the quality better than in the "big stores." I for one will buy in Antioch if it can be bought in Antioch.

Very truly yours,

George J. Bury,

Petite Lake

Editor's note: We heartily agree, Mr. Bury, and thank you for your letter.)

## Ted Flanagan Named Red Cross P.R. Man

Ted Flanagan, 2309 E. Briar Lane, Lindenhurst, has been named volunteer public information representative in Lake Villa Township for the Mid-America Chapter, American Red Cross.

Flanagan will be responsible for keeping the citizens of Lake Villa Township informed of the local Red Cross activities through the news media. He will also serve as "the voice of Red Cross" within the township for any local, national or international activities of the organization.

The Mid-America Chapter has over 120 public information volunteers who serve in the five-county area.

It is on that basis that he should be judged when the 90th Congress convenes on January 10, 1967.

ANNIE MAE

Antioch Palette, Masque and Lyre is proud to present *Antigone* as their second production of the season. The play is a modern adaptation of a Greek tragedy and is adapted by Lewis Galantieri from the play by Jean Anouilh. It will be presented February 3, 4, 10, and 11 at 8:30 p.m. at the PM&L Theatre on Main St.

The ancient Greek *Antigone* involves two sons and two daughters of mother-loving Oedipus, lately departed king of Thebes, and his brother-in-law, who has now become king. Two brothers have had a civil war and have killed each other, and Creon, full of righteousness and edicts, has ordered that one of the brothers be left unburied—carrion for dogs and vultures. Antigone, a sister, defies the edict, heaps earth upon the dishonored corpse, and is buried alive for punishment. This sets off a chain of suicides which rocks old Creon to his base.

This adaptation of *Antigone* is done in modern language, modern dress, and is fully applicable to modern times in any manner the audience wishes to interpret it. One person may come away with a completely different interpretation.

## Found Competent For Trial

William P. Johnson of Grayslake has been found mentally competent to stand trial.

Johnson, accused of slaying Joyce Obenau about two years ago, has been in Elgin State Hospital most of the time since he was ruled mentally incompetent. He was recently returned to the Lake County jail.

A Circuit Court jury found him competent last week after hearing testimony from Dr. Werner Tuteur, clinical administrator at Elgin State Hospital.

Miss Obenau's body was found near her car in a ditch on Route 120 east of Cedar Lake Road on August 28, 1964. Johnson, who was 18 years old at the time, was arrested the next day. He was a popular graduate of Grayslake High School and was working in a gas station.

Karen Olson Chandler

## Olson-Chandler Joined In Candlelight Service

Miss Karen Olson, of Chicago, and Stephen Lyn Chandler were united in marriage in a Candlelight ceremony at the Antioch Methodist Church Wednesday, Dec. 28 at 8 p.m., with the Rev. Donald Cobb officiating.

Assisting the Rev. Cobb was Richard Frazier, a student at Yale University Divinity School and a long-time friend of the groom.

The bride was given in marriage by her father, Raymond Olson, of Wheat Ridge, Denver, Col. Attendants were Miss Cynthia Jean Brust, of Chicago, a former roommate of the bride who was maid of honor, and David Chandler, brother of the groom, who

was best man.

A reception was held in Wesley Hall at the Methodist Church following the ceremony with Miss Debby Chandler registering the guests who attended.

Following the reception the newlyweds left for New Haven, Conn. where Mr. Chandler is attending Yale Divinity School.

The bride is the only daughter of Mr. and Mrs. Olson and Mr. and Mrs. E. H. Chandler, of 1048 Bishop St., Antioch are the parents of the groom.

The young couple met while attending Grinnell College from which both graduated.

## Legion Auxiliary

By Del Jahneke

Mrs. Myra Randall, National Security Chairman of the Antioch American Legion Auxiliary, is endeavoring to acquaint unit members with all the phases of the American Legion Auxiliary National Security program. This year, the Department of Illinois is stressing ten points to follow under this program: 1—Aid in furthering nursing careers; 2—The sale of United States Savings Bonds and Stamps; 3—Home and street protection; 4—Civil Defense co-operation; 5—Contributions to Radio-Free Europe (Crusade for Freedom); 6—Contributions to the state Americanism-National Security Fund; 7—Special meetings and conferences with speakers from the Armed Forces; 8—O. T. C.; Civil Defense, Treasury Dept., etc.; 9—Department Patriotic Conference; 10—Operation Home-Town newspaper; and 10—U.S.O. Contributions.

The Antioch Unit has participated in several phases of the National Security program by sending in contributions to the Department of Illinois for the various funds. One of the most important of these is the Americanism-National Security Fund, as the proceeds of this fund are used to defray the expenses of the many activities sponsored for Americanism and National Security. The Americanism chairman, Mrs. Lester Zilkus, states that this fund is also used in the American Essay Contest, which is conducted, both locally, and in many schools throughout Illinois. Nearly 20,000 school children participated in this contest last year. The subject of this essay this year will be "What Are the Privileges or responsibilities of Citizenship?" Mrs. Ted Odom, Libertyville, is the 10th District Auxiliary's Am-

ericanism chairman, and Mrs. Reinke, Waukegan, is District National Security chairman. Mrs. Reinke is a former past president of the Antioch Unit.

The regular meeting of the Antioch American Legion Auxiliary will be held on Friday, January 13th, at 8 p.m., at the Antioch Legion Home.

## Sponsored Child Will Receive MYF Profiles

Lo Yuk Ming, "adopted child" of the Methodist Youth Fellowship, will receive personal profiles and photos of members of the organization as a result of action taken at Sunday's meeting of the group.

The decision to prepare the biographies followed the reading of a letter from the Christian Children's Fund, Inc. and they are designated to help Lo Yuk Ming become better acquainted with his "adoptive" family.

A highlight of the meeting was the showing of the movie, "The Child Without" based on the Affluence and Poverty mission theme of the Methodist Church for 1967.

The MYF will meet again Sunday, Jan. 15 from 6:30 p.m. to 8 p.m.

## Alberts-Sanhamel Rites In Cicero

Miss Janet Mary Alberts daughter of Mr. and Mrs. Stanley F. Alberts of Cicero, became the bride of Thomas J. Sanhamel, son of Mr. and Mrs. Joseph E. Sanhamel of Antioch, at a nuptial Mass in Mary Queen of Heaven Church.

The Rev. James Busch, C. P., cousin of the bride was celebrant of the Mass.

Given in marriage by her father, the bride wore a gown of silk organza and lace, a crown of seeded pearl held her shoulder-length illusion veil.

Attending her were Miss Betty Stasiak as maid of honor and bridesmaids, Miss Margaret Rund and Miss Joyce Merrill. The bride and

her attendants are graduates of Columbus Hospital School of Nursing.

James Sanhamel, brother of the groom, served as best man, ushering were David Wentlin, fraternity brother of the groom, and Thomas Alberts, brother of the bride. The epistle of the nuptial Mass was read by John Sanhamel, brother of the groom.

Mr. Sanhamel, who attended Antioch High School, will graduate in June from the Illinois Institute of Technology School of Architecture where he is affiliated with Alpha Sigma Phi fraternity.

Following the ceremony a dinner reception was held at Klas' Restaurant.

Mr. and Mrs. Thomas J. Sanhamel

## Where The Boys Are

SAN DIEGO, Calif. —Marine Private Gerald W. Becker, son of Mr. and Mrs. Robert W. Becker of Route 5, Antioch, was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot here.

He will now undergo about three weeks of individual combat training and then, after leave at home, will report to his first Marine Corps assignment.

The intensified Marine recruit training emphasizes rigid physical conditioning and survival techniques, both at sea and ashore, to develop self-confidence and endurance. Marksmanship with the M-14 rifle and 45-caliber pistol are equally stressed, and close order drill instills the traditions of Marine Corps teamwork.

A thorough study of basic military subjects; hygiene; first aid and sanitation; and the customs, courtesies, history and mission of the Marine Corps serve to polish the new Marine's recruit education and prepare him to join Marine combat forces.

## BAKE SALE FOR MONTREAL TRIP

Antioch Grade School Band Parents Association will have a bake sale at the old Ford Garage on Saturday, January 21 at 9 a.m. The proceeds of this sale will be used to help pay for sending the Antioch Grade School Band Children to the Montreal Expo. Your help is greatly needed.

## Garden Clubs Slate Meeting

Two hundred and twelve garden clubs of Chicago and suburbs are included in the annual January meeting of District II of the Garden Club of Illinois.

The all-day meeting January 16 will be held at Hyatt House Hotel, 4500 Tuohy Ave. in Lincolnwood. There will be two separate workshops starting at 10:45 in the morning. The meeting is planned to be helpful to garden club members interested in preparing programs and flower shows. An exchange of ideas on programs will be encouraged, and experienced flower show people will answer questions.

The luncheon at 1 o'clock will be served at tables decorated by the Lincolnwood Garden Club. The Sauganash Garden Club will be hostess.

Two outstanding accredited flower show judges will be speakers. Mrs. Russel Christensen will present "A Look Into the Past," and Mrs. Fred Thornton will provide "A Look Into the Future."

Ticket sales for District II will be handled by Mrs. Gilbert Carelton of 900 Oxford Road, Deerfield, Ill. 60015. Mrs. Henry C. Dettenmayer is chairman of the district for the Garden Club of Illinois.

A prize will be presented to the club with the largest representation of members at the all-day meeting.

## Social Notes

By Del Jahneke

The Bernard Stadick family and the John W. Horan, Jr., family enjoyed last Sunday afternoon "snow-mobiling" at the Spring Valley Golf Course, in Wisconsin. Afterwards, the two families had a winter-picnic supper at the Horan home.

Mr. and Mrs. Alex Hoffman, Grass Lake, entertained Mrs. Betty Lindgren and her family of Waukegan, at a dinner party, on January 6th.

The Ray Rathmanns, Oakwood Knolls, attended a "has been" party at the John Schultz's residence in Waukegan, on Jan. 7. Their "has been" club is composed of the four 10th District Commanders and their wives, and the four District Auxiliary Directors and their husbands of the American Legion and the Auxiliary, who served from 1961 through 1965.

Mr. and Mrs. William Schultz of Wadsworth were surprise guests of the senior Ed Jahnekes, Beach Grove, on Saturday, Jan. 7.

## FORTIETH WEDDING ANNIVERSARY CELEBRATED

# Gas room heaters make sense.

Because they turn basements, added rooms, and breezeways into cozy, livable areas — give you more room for family fun. (Great for garages, too, 'cause they help cars start in cold weather.)

Because they're thermostatically controlled, so you can regulate the room temperature to fit the activity, whether it's practicing ballet or painting, studying, or just plain relaxing.

Because they're so attractively designed and finished, they give an extra touch of elegance to room decor. And because they're dependable, easily installed on any outside wall, come in sizes to fit any heating need, and cost far less to operate than other types of room heaters.

For more reasons why gas room heaters make sense, call our nearest office or your heating contractor.

Mrs. Betty Blaney informs the Antioch Moose Lodge of her safe return trip to Canada, and also thanked them all for making her holiday season a very happy occasion. Mrs. Blaney is the mother of Velma Blaney, sunshine child of the Antioch Chapter and who through the efforts of Alice Young, collegian chairman, made it possible for Mrs. Blaney to come from Canada and spend the holiday season with her four children who are living at Mooseheart. The projects that were held to raise money for Mrs. Blaney's stay were overwhelmingly successful. Governor Richard Jorgensen, Jr. Governor Seth Mark and Collegian Gerry Mark celebrated with Mrs. Blaney by spending Christmas Eve at Mooseheart with her and the children. Her New Year's Eve was spent at the Antioch Moose Lodge prior to her return trip home.

Evelyn Russell, chairman of the child care committee presented her Chapter Night program for the Women of the Moose, Thursday evening, Jan. 5, at the Antioch Moose Home. Esther Kaub, 2nd grade teacher from the B. J. Hooper School in Lindenhurst, was guest speaker for the evening and her subject was on how to deal with the thoughts and feelings of a younger child. Her speech was very inspiring and held the attention of the 40 members in attendance.

Enrolled as new members for the evening was Mary Wilkinson of Round Lake, sponsored by Lillian Birdsall and Helen Woodbridge of Salem, Wis., sponsored by Evelyn Russell.

A meeting is scheduled for the W.O.T.M. Officers for Thursday, Jan. 12, 7:30 p.m. at the home of the Senior Regent, Lillian Birdsall. A ritual practice will be held at the Antioch Moose Home on Monday, Jan. 16, at 7:30 p.m. All co-workers are invited to attend and those having part in the floor work are urged to attend for this practice will be for Mid-winter Conference which will take place in Woodstock this year.

A Friendship meeting will take place at the Antioch Moose Home, Tuesday evening, Jan. 17, at 8 p.m. All friendship members should be present.

Governor Richard Jorgensen announces there will be dancing to live music at the Antioch Moose Lodge Saturday evening, Jan. 14.

There will be a meeting for the Hunters on Sunday afternoon, Jan. 15, at 2:30 p.m. The winner of the longest feather submitted during the pheasant hunting season will be announced at this meeting, plus other new projects that will be discussed. President Leonard Huhn urges all members of the hunting club to be present for the start of the new year in adventure.

The Third District meeting will take place at the Harvard Moose Lodge, Wednesday, Jan. 18, at 8 p.m. It will be announced at this meeting where the vice presidents' dinner will be held.

Robert Hadley is scheduled to be chef for Friday night's fish fry, Jan. 13.

# Wonder Lake Angler Captures Area Ice Fishing Derby; Chicagoan Second

By Harry Stern

The Gods of Winter smiled down on the Northern Illinois Conservation Club's 6th Annual Ice Fishing Derby Sunday, parted the clouds and turned on a benign sun to warm the hearts and cheeks of a horde of frigid fishermen who made a smashing success of the largest ice fishing contest in the state, on the south end of Channel Lake.

Over 100 prizes worth more than \$1500 found new homes as eager contestants entered all events, in competition as fierce as a Bear Green Bay Packer football game.

Leading the pack of winners was the trio who captured the "heavy" prizes. Top banana was W. Hanson, 8915 Evergreen, Wonder Lake, with his top prize color television. John Hagen, 3901 N. Tripp Avenue, Chicago, latched on to the second prize camper-trailer, while Estil Cornell, P. O. Box 14, Russell, snapped the third place Polaroid Camera.

A 3 pound 17 1/2 inch black bass hit the jackpot for E. W. Sidlack, Fox River Grove, by capturing three prizes for him in the day-long competition. It garnered the Largest Fish of the Day crown, the Largest Bass of the Day gonfalon, and was an hourly winner in the bass division.

Dan Chromek, Chicago, came in with the second place bass, a 2.61 pound 16 1/2 inch beauty, while Frank Poleszek, Lake Villa, took third with his 2.51 pound model.

The complete list of winners follows: First prize, W. Hanson, 8915 Evergreen, Wonder Lake; 2nd Prize: John Hagen, 3901 N. Tripp Avenue, Chicago; 3rd Prize: Estil Cornell, P. O. Box 14, Russell.

## Sequoits Win 89-67; Retain League Lead

The Antioch Sequoits turned back a determined Warren Blue Devil quintet 89 to 67 last week to maintain their hold on first place in the Northwest Suburban Conference and run their season's record to 11 wins against three losses.

Grant High and Lake Forest won their weekend tilts to remain one game behind the Sequoits in the conference race.

Setting the scoring pace for the Sequoits was Ty Walls with 24 points followed by Bruce Empfield who turned in one of his finest performances while scoring 23 points.

### Panthers, Bulldogs On Weekend Slate

The league leading Antioch High School Sequoits play host Friday to the scrambling, hard-running Round Lake High quintet in the opener of a weekend conference double header.

On Saturday night Antioch travels to Wauconda to meet Wauconda High in what should be an easy outing for the Sequoits.

The fourth place Panthers from Round Lake have a 4-3 conference record, but boast one of the loop's leading stars in scrappy Gary Bell and Coach Roger Andrews warns that Antioch cannot afford to relax against the visitors Friday night.

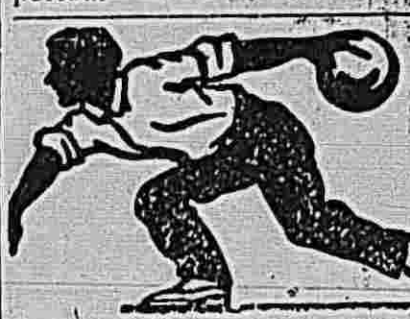

Wauconda's Bulldogs have been doormats in the Northwest Suburban Conference the past two years, but they recently yscored an upset by defeating the Grayslake Rams to snap a 19 game conference losing streak and Coach Andrews is concerned about over-confidence on the part of his cagers.

against Warren's zone defense the Sequoits opened up at 38-21 lead late in the second quarter only to see the margin disappear under a Blue Devil onslaught of eight straight points that narrowed the margin to 38-29.

A late third quarter rally for four points sent the teams to the lockerroom with Antioch enjoying a comfortable 42-29 lead.

The Sequoits started the second half in whirlwind fashion padding their lead to 17 points, but the doldrums set in again late in the third quarter and the Blue Devils bounced back to narrow the gap to 58-50.

The fast-breaking Sequoits pulled away in the fourth quarter outscoring the opposition 31 to 17 in the final period.

## Race Rules Discussion Planned By Speedway

An important meeting of the Lake County Racing, Inc., which operates the Waukegan Speedway with stock car races, has been scheduled for President Gordon Sill for Friday, January 20, at 8 p.m. at ooh. This meeting will be primarily devoted to a rules interpretation session and how they will apply in the 1967 racing season at the Waukegan Speedway.

To reach the Northshore Resort, travel one mile west of Route 83 on North Avenue in Antioch. Free refreshments will be available after the meeting. All previous Lake County Racing members and anyone considering building, owning or driving a stock car locally in 1967 is welcome.

Many new ideas will be in effect this season at the Waukegan Speedway. Besides the established Late Model and Modified Stock Car Divisions, competition will be broadened as Hobby Stock Racing will be included in the racing programs. This new division will allow "off-the-street" cars

to race for cash prizes provided the necessary safety regulations are met.

Completely revised and reprinted rule books will be presented to the Lake County Racing members at this meeting. These rule books contain all of the regulations and suggestions for building modifieds, late models and hobby stockers, plus all of the track rules and a totally new section devoted to safety suggestions. Non-members may obtain this book for 50 cents from the speedway management.

The 1967 auto-racing season at Waukegan will start on Saturday, April 15, with both the late models and modifieds in competition. Starting in May, the late models will race every Saturday night and the modifieds will return to Sunday nights, with hobby stock racing both nights. Wednesday night late model and hobby racing will then be added in June, keeping the Speedway open at least three nights every week through June, July and August.

A key factor in the victory was a sensational 23 out of 28 scores from the free throw line with Steve Miklautsch racking up eight for eight charity losses. Warren meanwhile could account for only 13 of 29 attempts.

Commenting on the game Coach Roger Andrews said, "With Bruce Empfield playing like he did Friday at Warren we should get to be real tough. I was real pleased with the performance except for the two minutes in the second and third quarters."

"With some real hustle in our two games this weekend we should finish the first round-in-conference play undefeated," Coach Andrews said.

The coach added a note of caution, however, by pointing out, "We need to improve

our defense which has been spotty."

Maybe our '67 Pontiac is breaking sales records because people don't want to wait until '68 for a copy.

Our engineers have become used to seeing their ideas show up on other cars. Two years later. And apparently so have a lot of car buyers. Because 1967 Pontiacs are selling faster than 1966 Pontiacs. And '66 was a record year.

When you think about it, why should you wait around for innovations like our disappearing windshield wipers? Or for imaginative options like our exclusive hood-mounted tach? Especially when you consider that our engineers

wouldn't turn a Pontiac loose with anything less than a standard 400 cubic inch V-8. Or a Tempest with anything less than our revolutionary Overhead Cam Six. (Not to mention all those new safety features like GM's energy absorbing steering column and a dual master cylinder brake system with warning lamp.)

In short, our engineers seem to have done it again. They may even start asking for royalties on the copies.

### Christian Scientists Elect New Readers

Mrs. Helen Olsen and Mrs. Georgia Sutherland, are the newly-elected Readers of First Church of Christ, Scientist, Antioch. They will begin their three-year term of conducting Christian Science church services on January 15, 1967. Mrs. Olsen as First Reader and Mrs. Sutherland as Second Reader.

They replace retiring Readers Mr. Edwin Olsen and Mrs. Frances Wells whose terms expired January 11, 1967.

Election took place at a meeting of the members in the church edifice on December 1.

Since there are no ordained clergy in Christian Science, all church functions are conducted entirely by the local members. The two elected Readers carry the main responsibility for the Sunday and Wednesday evening services of the church. Their primary duty is to read the Christian Science weekly Lesson - Sermon to the congregation on Sunday. This is a compilation of related references from the Bible and the denominational textbook, pertaining to a specific subject, and read alternately by

## DEATH NOTICES

### ROBERT BLAIR

Mr. Robert Blair, 80 years old of Antioch, passed away Monday, January 2, 1967, at Indian Rocks Beach, Florida, from a heart attack.

He was born June 17, 1886 in Belfast, Ireland, and came to America in 1910 to reside in Chicago until moving to Antioch in 1946. He had been employed by International Harvester Co. as an inspector until his retirement in 1946 after 42 years of employment.

He was a 50-year member of Veritas Lodge No. 926 A. F. & A. M.; Wiley M. Evan Chapter No. 126; Palestine Council No. 66, Chicago Commandery No. 19 K. T. all of Chicago.

He married Elizabeth Boyd on September 17, 1907, in Belfast, Ireland.

Survivors are his wife, Elizabeth, two daughters, Mrs. George E. (Elsie) Heuer, Antioch, and Mrs. Margaret Morrison, Bristol, Indiana; 8 grandchildren and 25 great-grandchildren.

He was preceded in death by one daughter, Mrs. Rubina Kossup in 1946.

Funeral services were held at 1:30 p.m. Friday at the Strang Funeral Home in Antioch. Interment was in Mt. Emblem Cemetery at Elmhurst, Ill. Rev. Walter Eddy of the Round Lake First Baptist Church officiated at the services. Memorials may be given to the First Baptist Church of Round Lake.

the First and Second Readers.

During the week, the same references serve as a Bible Lesson, studied daily by Christian Scientists throughout the world. Read at the Sunday service, it becomes the sermon, and is combined with hymns, a solo, and prayer, to constitute the service.

The Lesson-Sermon subjects—26 in all—range from "God" to "Is the Universe, Including Man, Evolved by Atomic Force?" They were chosen by the Founder of Christian Science, Mary Baker Eddy, who also is the author of the denomination's textbook, "Science and Health with Key to the Scriptures." Each subject is covered twice a year, but each time with a different set of references.

The Wednesday evening meeting, conducted by the First Reader, includes a period when individual members of the congregation give testimonies about their experiences in Christian Science healing.

Readings from the Bible and the church's textbook are presented at this service also, but on a topic chosen by the Reader.

## Powell Office Sets Deadline

Springfield, Ill. — Just a little more than five weeks now remain for motorists to get their 1967 license plates displayed on their vehicles, Secretary of State Paul Powell said today.

Midnight, February 15, is the deadline for having this year's plates mounted on the vehicles, not merely applied for or resting on a table at home or being carried in the car's glove compartment, Mr. Powell said.

To be sure of having their plates in time for the deadline, motorists planning to apply for them by mail should have their applications in the Secretary of State's office no later than February 1, Secretary Powell said.

"Because license plates are fourth class mail, we can give no assurance that motorists who do not allow at least two weeks for processing of their applications and delivery of their plates will receive them in time for the deadline," Mr. Powell said.

The AWANA Girl's Club, under the leadership of Mrs. Fritz Baumann, are practicing for their participation in the Lake County Olympics. The AWANA's Lake County Olympics consists of indoor sports, such as relays, marathons, etc. The AWANA's Girl's Club meets on Fridays, at 7:30 p.m., at the Antioch Evangelical Free Church. AWANA's are divided into two youth groups—the 8 to 10 year old girls, the Chums, under the direction of Mrs. Robert Anderson; and the Guards—the 11 through 13 year old girls. Only the Guards are participating in the Lake County Olympics.

The AWANA Boy's Club is also divided into the two age groups. Mr. Fritz Baumann is in charge of the Pals, the 8 to 10 year old boys; and Mr. Lyle Wilson directs the Pioneers—the 11 through 13 year old boys. These boys' groups meet on Monday evenings, at 7 p.m., at the Antioch Evangelical Free Church.

### CHRISTIAN SCIENCE

"Life" is the subject of this week's Lesson-Sermon to be read in all Christian Science churches on Sunday. "Seek good, and not evil, that ye may live; and so the Lord, the God of hosts, shall be with you, as ye have spoken." This reference from Amos will be the Golden Text.

line," Mr. Powell said. "In some cases, two weeks have elapsed between the time we mailed the plates and the applicant received them."

At the present time, motor vehicle registration is about 400,000 behind last year's total at the same time, simply because the applications have not been received, Secretary Powell said.

"Our office is staffed to handle the seasonal rush of applications quickly and efficiently, but, obviously, we can do nothing about them until we receive them," he pointed out.

Mr. Powell urged car owners to apply for their plates immediately so they will not have to be concerned about receiving their plates in time for the deadline.

Plates may be purchased over-the-counter at two Secretary of State's office outlets in Springfield and three in Chicago. In addition, 23 banks throughout the state are offering over-the-counter license plate service.

Secretary Powell's office outlets in Springfield are located in the Centennial building and at Ninth street and South Grand avenue. In Chicago, they are located at 5301 West Lexington street, 9901 South Parkway and 5401 North Elston avenue.

other garments. "Thousands of animals are trapped in this area each year, but the trappers have been handicapped because of a limited market for their skins," Serdar said.

"The experience and knowledge we have gained through sending thousands of ranch mink to market for the past 30 years will enable us to pay the full market price for the skins and still realize a profit on the transaction," the veteran mink rancher added.

Serdar said the best of the pelts will be made into garments for sale at Harle's Imperial Furs salon which he operates with his wife, Harriet, on the Wadsworth ranch.

"The best muskrat and wild mink are caught right here in the Chain O' Lakes area and they bring a good price on the market today," Serdar stated.

## Expect Increase In Student Enrollment

IN JUST EIGHT YEARS

(from 1967) Northern Illinois University will have 31,095 students, almost double the present enrollment, according to an enrollment projections report released this week.

The projections, prepared by the NIU Bureau of University Research, are based on many assumptions. However, the report states:

"This is a projection of enrollment as a realistic potential. Its actuality depends upon the willingness and ability of the State to provide space and staff. It also assumes that an arbitrary limit on enrollment is NOT placed on Northern."

Enrollments may have to be held below the 18,580 students projected for next autumn and the 20,380 projected for fall 1968 because of lack of classroom space, Dr. Charles W. Brim, Bureau director, said. These two en-

rollment forecasts are based on budgeted figures.

Current registration at NIU totals 16,440. Enrollment projections for other years, to 1975, include: 1969—22,225; 1970—24,460; 1971—26,000; 1972—27,480; 1973—28,020; 1974—30,020, and 1975—31,095.

New entering freshmen will be limited in numbers in the foreseeable future, Brim said. The Illinois Board of Higher Education staff has

proposed that lower division (freshmen and sophomore level) enrollment be held constant, starting in 1970.
